

Anti-Bribery and Corruption Policy Statement Revision 1.1

This Policy is applicable to Mudtech Limited and Mudtech Tank Division Limited.

Mudtech team members are selected for their integrity and positive attitude as are the people and organisations we chose to do business with.

Relationships are based on trust. We expect our customers and suppliers to engage in business, earning a fair profit, without offering or receiving extra financial inducements of any kind. Our own team members will not accept or provide any gift or hospitality where any reciprocal commercial, contractual or regulatory benefit is offered or implied.

We make no payments to any political party or government official either at home or abroad.

We do make charitable contributions when appropriate taking care that these in no way conceal or constitute bribery. All such payments have a "Charitable Contributions" code in our accounting system, are clearly visible and are scrutinised by our accountants when our annual return is prepared.

All financial transactions are monitored by me, we are confident that any transgressions or errors will be identified in our accounting system.

Mark Brooks Dip.E.M. P.I.E.M.A.
Director and Company Secretary
